

The Dixie Children's Fund, together with the staff and families of the Dixie School District, thank our 2008-2009 Business Partners. Collectively, these businesses have donated over \$108,000 this year to help ensure that the arts, elementary physical education, middle school counseling and technology are a fundamental part of every student's education at Dixie, Mary Silveira and Vallecito Elementary Schools as well as Miller Creek Middle School!

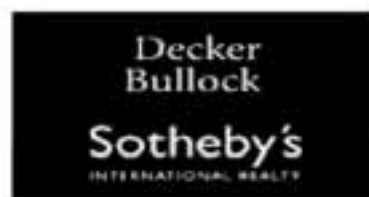

Please give your business to our generous supporters!
